# Production performance with **Color impact**

# Productive, modular and upgradeable

The ideal strategy for cost-conscious, ever-changing times

## COLOR

**The impact of color.** With color, your business will benefit from one of the most effective business tools available.

## EASE OF USE

**Ease of use, ease of management.** Your department is instantly more efficient thanks to the many easy, yet advanced, user and management features.

## COPY

**Start with copying.** All WorkCentre 7655 / 7665 devices start with robust copy capability in black-and-white and brilliant color. Security features and job-based accounting are built-in.

## PRINT

**Add network printing.** Make your WorkCentre 7655 / 7665 a lot more productive by networking and adding affordable color printing and scanning.

## SCAN

## FAX

**Do it all.** Build an integrated system that includes internet/ network faxing, scanning and email capability. Add throughput and finishing options, customized network accounting solutions, and more.

## EMAIL

## FINISHING

# WorkCentre<sup>®</sup> 7655 / 7665

The Xerox WorkCentre 7655 / 7665 advanced multifunction device delivers high-end office performance. Powerful, flexible and easy-to-use, it can easily handle the output volumes needed for document intensive environments. Add to that unrivaled, high impact color, and you have the versatility to give your business a competitive edge.

## Performance to increase productivity

**Why crowd the office with multiple devices when one can meet all your needs? The WorkCentre 7655 / 7665 multifunction system has the features you use everyday and the power to be a true multitasker.**

- Super-fast copy and print speeds up to 65 ppm enhance productivity regardless of job size or volume. Full color copying and printing is fast – up to 50 ppm color!
- The ability to scan black-and-white documents at 80 ppm and color documents at 50 ppm allows your department to swiftly scan, retrieve, electronically store and distribute documents to your desktop, email or to the network.
- Multitasking operation means multiple users can simultaneously perform different tasks – scan, copy, print, transmit faxes and manage the queue – a helpful feature in maximizing business efficiency.
- Nothing gets noticed like color! 2400 x 2400 dpi output resolution gives your documents unmatched clarity and impact.

## Keep the work flowing

**You need a machine that works the way you do. This WorkCentre device is modular and upgradeable. Packed with functionality and options, it meets the needs of any environment.**

- Started off with a digital copier and need more functionality? No problem. You can upgrade to a fully-featured advanced multifunction system.
- Optional scanning workflows include Scan to PC Desktop, and scan to PDF, network file server, document management system, email and fax.
- Improved scan export compression (MRC, JBIG2) reduces traffic on the network and speeds your documents to their destination.
- Support for a wide range of paper and specialty media in weights up to 110 lb. cover, and custom sizes up to 13 x 19 in., so that whatever the application, you're ready to print.
- Large paper capacity of 3,260 sheets. Add a 2,000-sheet high capacity feeder to further expand capabilities.
- Choice of two finishers: Advanced Finisher offers 50-sheet multi-position stapling and hole-punching. Professional Finisher with Booklet Maker provides saddle-stitched booklet making, v-fold, stapling, and hole-punching.

1 Multiple finishing options let you choose the capabilities that are right for individual workgroups

Collate

Hole Punch

Staple

V-Fold

Saddle-stitch Booklet

Large input capacity of up to 3,260 sheets

2 3

500-sheet universal-size trays

4

870-sheet letter-size tray

5

1,140-sheet letter-size tray

6

250-sheet bypass tray

7

2,000-sheet optional high-capacity feeder

## Outsourced quality produced in-house...

- Need added pop in that important document? Print in full color easily, from the same device. Add high-quality affordable color without expensive trips to outside vendors.
- Emulsion aggregation high gloss toner delivers a professional glossy finish on documents where impact is the key. Trickle charge development (a Xerox innovation) maintains high image quality throughout the job.

## ...and color under control

- In mixed color / black-and-white documents, you only pay for color on pages that use color.
- Regulate access to color to control costs. Allocate color-page limits by user, department, etc.
- Built-in reporting functions let you track how much color you're using on all services – print, copy, scan, fax and email – making color use decisions easier in the future.

*Intuitive, bidirectional print drivers provide easy access to all output functions.*

## Easy from end to end

**Running complex jobs doesn't have to be complicated. From the large touchscreen interface and bidirectional print drivers to simple job-based reporting and accounting tools, this device is designed with reliability and ease of use in mind.**

- Installation is quick and easy. Network administrators can “clone” the configuration for simple installation of multiple units.
- User intervention is kept to a minimum. Two black toner cartridges means toner lasts longer and can be replaced on the fly. And SMart Kit™ technology ensures the device is kept up and running.
- Advanced device management software makes it easier to ensure your system is running smoothly.
- Xerox Standard Accounting software provides job-based accounting features for greater cost control of printing, copying, faxing and scanning.

*Large, full-color touchscreen is easy to use and simple to program.*

## Security

**Robust security features let you restrict access, manage usage and ensure confidentiality.**

- **Network Authentication** restricts access to scan, email and network fax features by validating user names and passwords prior to use. With Audit Log capabilities you'll know who sent what and when.
- **Secure Print** prevents unauthorized viewing by holding jobs in queue until a PIN is entered releasing documents to print. Secure Print job submission utilizes IPsec.
- **Image Overwrite** eradicates data by overwriting the disk surface with patterns of data.
- **Embedded Fax** prevents unauthorized device access via the fax subsystem. There is complete separation of the fax telephone line and the network connection.
- **Device Access Password Protection** ensures administrative set-up screen and remote network settings cannot be viewed or altered without authentication.
- **IP Address Restriction (IP Filtering)** controls communications with specific network clients.
- **Secure Scan** transmits files using HTTPS (SSL).
- **Secure Device Administration** with HTTPS is enabled through CentreWare.
