Colour wireless LED printer

This practical colour printer is designed to print quietly while offering up to 18 pages per minute print speed. With the large 250 sheet paper capacity, and high yield inbox toners, this machine is easy to set up and start printing straight from the box.

HL-L3210CW

Key Features:

- Quick print speeds of up to 18 pages per minute
- Large paper capacity of 250 sheets
- Wireless connectivity
- Easily print from your mobile or tablet
- 256MB memory
- Up to 1,000 pages* inbox toners

Don't add to the office noise

Within a busy office environment, you don't need any additional noise to distract you from your work. The HL-L3210CW prints up to 18 pages per minute in full colour at under 45dB, which is classed as quieter than your daily office conversation. These industry leading specifications, make this colour printer perfect for desktop working.

Add some colour to your business

Make an impact to your business documents with a hint of colour. The HL-L3210CW offers up to 2,400dpi print quality, and uses LED technology to produce high quality professional colour prints.

Save time and money

These desktop devices are fast, reliable and great value. The built in 250 sheet paper capacity allows you to keep working longer without having to replenish the paper tray. By using the high yield supplies, you won't have to spend time changing your toner as often, as well as achieving a competitive cost per page for both colour and mono. By boosting productivity, and reducing any down time, your office can run more smoothly.

* Approx declared yield value in accordance with ISO/IEC 19798
